Trinity Volunteer Fire Department offers the Junior Firefighter program for young people to become a member of the fire department. This program is designed for young people from the ages of 12 to 17. Although Junior Firefighters are not able to attend many of the incidence that our department responds to they will be able to come to meetings and training classes with the senior firefighters. Junior Firefighters will also have their own meetings and training classes that will pertain to firefighting on introduction level. This program will give young people the opportunity to serve the fire department and community. Junior Firefighters must follow all guidelines that senior members must follow plus other guidelines that pertain to their program.

I have filled out this application to the best of my ability. I also have been truthful in filling this out. I also understand I will be contacted after final approval.
